- **Password:** 8SKsFgvK

Test date and time validity: 19th September 2024 5:00 PM to 20th September 2024 5:00 PM

Note: Test Start time validity is allowed only between the above time schedule (Candidates will not be allowed to login after the scheduled time)

System Requirements for Taking the Test:

- You will need a webcam and microphone enabled laptop or desktop to take the test. **DO NOT** take the test on a mobile device.
- Use the updated version of Google Chrome (**latest Version** - excluding the Beta Version) for the best performance.
- Ensure your system "Clock date" and "Time" are updated and synced with your location time zone.
- Minimum hardware requirement of the system: RAM - 4 GB, Processor - i3 dual core 2.2 Ghz 5th Generation or equivalent/higher.
- Ensure that the minimum speed of the internet connection is 2 Mbps (Both Upload & Download speed should be 2 MBPS or More)
- Preferably use LAN or WiFi network connectivity.
- Close all background applications that may trigger any system pop-ups (Outlook, other email clients, Anti-virus, Instant Messengers, News-Notifications, Other browsers/tabs, etc).
- Ensure that Microphone and Webcam are connected to the system & access is allowed in the browser.
- If blocked, follow these steps: Go to Chrome > Settings > Advanced > Privacy and Security > Content Settings > Enable Microphone and Camera
- To verify system readiness, click on this link: <https://ams.hirepro.in/assessment/#/compatibility/Fidelity>

- Microphone Check Link: <https://www.onlinemictest.com/>

Instructions for the test:

- Make sure you are in a stress-free environment with no disturbances and ample time in hand before starting the test.
- Keep your laptop plugged into the main power while taking the test.
- This test is video & audio proctored. During the test, your video and audio are recorded and analyzed to maintain the integrity of the test. **DO NOT** attempt to cheat in any way else you will be immediately disqualified.
- Access this test in a well-lit and quiet environment. Ensure that you are facing towards the light source.

- While taking the test do not move away from the test window to any other application without submitting or completing the test. The test will be automatically submitted if you try to move out of the test window repeatedly.
- Keep a pen-paper handy for rough work.
- Use of calculators and mobile phones is not permitted during the test.
- Mobile phones can be used only to reach out to the support team for any technical difficulties.
- Once you are ready, click the test link given, enter your user ID & password mentioned in the body of the email and click on the Login button.
- The page will check for camera, browser, and microphone availability and compatibility. Once all are OK, you will be prompted to take a selfie.
- Take a selfie by clicking on the Camera button. Click on the Continue button after taking a selfie where your face is clearly visible.
- The page will load with the Test details & Test Instructions. Read and understand all of them carefully.
- There will be a checkbox with "I Agree to the Terms and Conditions". Once you check this, the Start Test button will be enabled. Click on the "Start Test" button to start taking the test.
- A timer is displayed on the top right corner of the window throughout the test. This timer indicates the remaining time.
- Once you reach the last question, the "End Test" button will be enabled at the bottom of the page. Once you have answered the questions you can submit your test. Confirm by clicking on the "I am done with the test" button.
- Once you submit the test you will be shown a completion message and can safely close the browser window.

Important Note:

- ***Make sure to restart your machine & internet connection before you start the test***
- ***Please close all the other applications, and disable all Chrome extensions***

Note: Please go through the instructions listed on the login page thoroughly before starting the test.
